The journey begins when Mario and a group of band of pirates who have survived this life-threatening ocean crossing are confronted by what appear to be a bunch of marionettes and a woman with a huge sword who attacks the pirates with such force that they are catapulted back into the deep waters. In an attempt to save their lives, the pirates, led by Mr. Miyamoto, Mr. Manfredino, and Mr. Villarreal, decide to embark on a ship to recover the two missing Princesses who are missing behind the waves. The rest of the pirates along with Mr. Mario, Mr. Villarreal, and Mrs. Villarreal are forced into joining in the pursuit of the missing Princesses and as they race for the treasure, they soon discover that something is out of place in the middle of all the chaos surrounding the island. And, when the pirates encounter the evil pirate that had been hiding behind the sea's surface, a new threat rises as they become captured alive. But will things go up in the sea or will they make it to the treasure at last and leave the rest of the pirates behind? Written by Dedicated to the memory of William G. Denny, Jr.; His family and his family friends and his family friends at heart; for the many of the families and friends to whom I have committed this site, I offer my sincere condolences and condolences for their loss. And I offer some tender words of appreciation for the many of you who have contributed stories and art to this memorial site. It is impossible to know the true meaning of life; but the stories written on the walls in this life memorial remind us of our responsibility to one another in a truly intimate manner (like the heart of our children). This site, which I hope can become an important piece of our city's fabric, will serve as an excellent platform for sharing that experience and inspiration, and I appreciate the generosity of those who contribute their stories.
